Spring Potpourri

This week I am going to share with you a collection of ideas that will help you with your preparations for the spring and summer seasons.

Tip on washing comforters

Be sure that cold weather comforters are clean for storing for the season. Those with synthetic fiber, fill are easily machine laundered with detergent or soap and warm water. If heavily soiled, pretreat spot areas or soak. Use a short wash cycle and tumble dry on a temperature setting recommended by the manufacturer's label. Avoid overdrying and remove as soon as the machine stops. For large comforters, use an extra capacity washer that's available at most laundramats. After the comforter is thoroughly dried, you may wish to store it in a plastic garbage bag, closing the ends carefully to make sure that no dust can get into the comforter during the storage period.

Hosiery goes colored for the spring

Pale tones such as bone, white and gray lend an airy accent to any outfit. Bright pastels like violet and aqua provide a bolder look. Sophisticates will be pleased with the new subtle tints that offer an alternate to the basic beige and those who want to sparkle can put on the metallic tints like gold, silver, pewter or bronze. It was about 20 years ago when hosiery was this bright and colorful.

Energy-saving dishwashers

Dishwashers are being designed with increased energy-saving features. This information will be helpful to you if you are in the market for a dishwasher this spring. Manufacturers are including more models that provide a washing option that assures temperatures of at least 140°F. to compensate when a water heater is set at a lower temperature. The redesigning of the wash system has enabled one manufacturer to cut water consumption from 12.3 to 10.9 gallons at the normal pots and pans cycle. A reduction in heat loss, as well as operating noise, is accomplished by the use of insulation wrapped around the unit.

Clean up and paint up time

Attention to gutters and down spouts should be a part of any spring home maintenance work. Start by cleaning away leaves and debris from the gutters. Wash exteriors with warm sudsy water. Using a wire brush, remove hardened dirt, chipped paint or rust. Be sure to rinse thoroughly. Check for any leaks. Then repair holes and splits with a patching compound. Apply the appropriate primer and paint for the type of gutter and downspout. When gutters are repainted, keep them looking new with frequent cleanings. Proper maintenance can save on work and expense of replacement.

Clean surface helps with a mildew problem

In the south especially mildew gathers on refrigerator door gaskets and such stains are difficult to remove. Many of you have called with this problem when you have a freezer or extra refrigerator in a basement area. Mildew can cause rubber gaskets to rot. Neglecting this problem may lead to replacing the gaskets. Frequent, even daily, washing are suggested, using warm sudsy water or a baking soda solution, if you have a serious problem of this type. Be certain to rinse and dry the gaskets thoroughly.

If your refrigerator has an energy-saver switch, be sure the anti-sweat heater is on during periods of high humidity. This helps prevent condensation build-up around the gasket. Check your refrigerator instruction booklet for correct settings.

If you have a homemaking question or problem, you may call us at 352-8244 or write us at P. O. Box 488, Appomattox, Va. 24522. It is always a pleasure to hear from you and to help you.

Have a good week!

Appomattox Loan Closet getting low, needs help

The Appomattox Loan Closet co-sponsored by the Appomattox County Volunteer Rescue Squad and the Appomattox Chapter American Cancer Society, is getting low, especially on some items, according to Mrs. Janet Noble, Cancer Crusade Chairman for Appomattox County.

"At the present there are no hospital beds available," said Mrs. Noble. "We have one stroke victim and one cancer patient in need of a hospital bed. IF anyone has one that they are no longer using, we urge you to return it. Likewise, with other loan closet items, if you are no longer using them, we ask that you return them promptly so someone else may benefit from their use."

One gallon recipients were: **Kathleen Richardson, Warren R. Page, Lula Marie Irby, Kevin Eugene Martin, and John L. Covington.**

Thanks to all for a job well done. The **Times-Virginian** did our publicity up right and WTTX with a remote at the site gave its listeners coverage all during the visit. A special thanks to Pepsi Cola Bottling and Food World for their part in the canteen.

Don't forget our next visit will be in June, the day will be announced later.

Sincerely,

Writer disappointed in teacher's union

Letter to the Editor

Dear Friends:

After having given 44 years of my life to the teaching profession, I feel compelled to write this letter.

It was with great disappointment that I read in the **Lynchburg News** recently about a chapter of the union of **American Federation of Teachers**, organized in Appomattox County. I wonder why??

Since my return to Appomattox County in 1970, I have felt that I could go to any other co-worker, administrator, supervisor, superintendent or a member of the School Board for help I might need. Each person has treated me with consideration and fairness, for which I publicly wish to express my sincere appreciation.

Professionally, I refuse to belong to a union. Years ago I was a loyal member of all three teachers' organizations-local, state and national. Then the NEA unionized, and I dropped my membership. Later we were told that if we did not belong to the national, we could not belong to the state and the local.

Because I chose teaching as my career, I have felt that I had the same prestige in the community as the doctor or the minister. How I would hate to think that either my doctor or my minister belonged to a union!

My longevity of service has given me experience that not many teachers will ever have. During a financial upheaval in another Virginian county, the teachers taught three months without salary. It was either that or closing schools. While I was teaching in Maryland, some of my co-workers chose to strike; the number was small who left their place of duty, I am happy to say.

Teaching has been a rewarding experience to me, and I can now reminisce with much pleasure, knowing I tried to do my best.

Even though I am no longer in the classroom, I still have an interest in Appomattox County's educational system.

I, as a student and a teacher and a citizen of Appomattox County, have pride in our good educational system, which, I believe, can continue with out the intervention of the A.F.T. union.

Sincerely,
Claudine O'Brien

But defeat Brookville

Raiders fall to Rustburg, Nelson County

The Raider varsity baseball team lost to Rustburg Tuesday 16-6, following a loss to Nelson County Friday, and a victory over Brookville last Tuesday.

Tuesday's loss to Rustburg came despite two fifth-inning solo home runs by Raiders Rodney Bryant and Greg Mayberry. The powerful Rustburg attack went through three Raider pitchers -- Kevin Mitchell, M.J. House, and Jim Hix -- and produced four home runs and runs in every inning except one.

Tuesday's loss put the Raiders in a playoff situation with Rustburg, and possibly Brookville and Gretna, depending on the outcome of their games early this week.

Further details about the pre-tournament playoff were unavailable at press time. The regular tournament was scheduled to begin today (Thursday).

Last Tuesday, the Raiders defeated Brookville, behind the pitching of Greg Mayberry, who went the distance for Appomattox.

Brookville scored in the first and second innings, but the Raiders came back in the bottom of the second with four runs to take the lead. Allen Edmonds walked, then M. J. House got on on a base hit. Keith Mann drove in the first run, then Jody Williams drove in one, and Gary Ferguson two to finish scoring for the inning.

In the third inning, the Raiders scored two more runs, when Mayberry led off with a home run, Bennett walked, Edmonds singled, and Mann was hit by a pitch. The run was scored on an error by Brookville.

The Raiders got six runs on seven hits, and committed one error.

Brookville had two runs on eight hits.

Ferguson had two RBIs, and Mann, Williams and Mayberry had one of each for the Raiders.

Friday's 11-inning marathon was a heavy-hitting game, with 14 Raider hits and two Appomattox home runs.

The Raiders took the lead in the fifth inning 5-4, but Nelson came back in the seventh to tie the game, 5-5.

In the ninth inning, the Raiders again took the lead when Jim Hix got on base on a hit, then scored on a hit by Mann. Nelson came back in their half of the ninth to tie the game, however.

There was no score in the tenth inning. In the eleventh inning, the Raiders scored, with Mann and Ferguson both reaching base on hits. However, the Raider threat fizzled, and Nelson County scored two consecutive hits in their half of the eleventh inning to win the game.

For the Raiders, Ferguson went five for six and hit a home run and had 2 RBI's; Jody Williams went three for five, hit a home run and had two RBIs; Mann went two for five; and Mayberry went two for five.

Girls win again

The Raiderette softball team continued to dominate Seminole District play last week, winning big over Brookville (20-6) on Tuesday, and defeating Nelson County Friday by a score of 10-3.

The wins raise the team's district record to 8-0, and their overall record to 13-2.

The Raiderettes took the lead in the first inning against Brookville, and never relinquished that lead, recording 15 hits, including a home run by Lolita Preston and doubles by Vicki Cheatham and Marlene Ferguson.

The girls also recorded a remarkable number of stolen bases, 21 total, including four each by Jacquetta Booker and Lolita Preston, and three by Robin Paulette and Janet Carter.

Leading hitters were Booker (four hits), Preston (three hits), Carter (two hits), Ferguson (two hits) and Vickie Cheatham (two hits).

Coach Mary Tolley commented on the game, "we hit the ball well and ran the bases better than we had been."

The Raiderettes had an easy time Friday against Nelson County, as well. The local girls opened a 2-0 lead in the first inning, expanded that to 8-0 in the second inning, and scored two more in the third to finish their scoring for the day.

Nelson County did not score until the fifth inning, when they scored two. They scored again in the sixth to finish their scoring for the day at three runs.

The Raiderettes had 11 hits for the day, including two triples by Preston and one by Carter, and a home run by Booker. Booker and Preston accounted for three RBIs each against Nelson County.

Diane Jones got the win on the mound, as regular pitcher Angie Murray was under doctor's care, and, according to Coach Mary Tolley, may be out for the rest of the season.

The win against Nelson County Friday assures the Raiderettes of at least a tie for the district championship.

The district tournament begins today (Thursday) and will run through tomorrow. The games will be played on the Rustburg High School starting at 5 p.m. and approximately 6:30 p.m. nightly.

Babe Ruth starts

Babe Ruth Baseball started Tuesday night (May 11) at the Appomattox Town Ball Park.

Boys and girls ages 13 to 15 play in this league, with games each night Monday through Thursday nights, starting at 7 p.m.

News of the local Babe Ruth league will be published each week in the **Times-Virginian.**

NOTE TO PARENTS: If your son or daughter has played Babe Ruth Baseball in the past and has not turned in his or her uniform, please call Nelson Mann at 352-5731 or Bookie Johnson at 352-7721 or 352-8224, and someone will pick up the uniform.

Robert Hubbard qualifies for Region III tournament

Raider tennis player Robert Hubbard qualified for the Region III tennis tournament in the Seminole District tournament Saturday at Lynchburg College.

Hubbard defeated Chip Mayer of Brookville 7-5, 6-1 in the semifinal round of the district tournament, and downed Chris Bond of Gretna 6-4, 7-5 in the final round of the tourney.

The action took place in the Seminole District individuals' competition singles and doubles matches.

Hubbard and Raider Freddie Lawson defeated their opponents Keith Bryant and Matt Beard 6-2, 6-2 in the semifinal round of the double competition.

In the final round of the doubles competition, however, Hubbard and Lawson fell to Chris Bond and Dan Franks of Gretna, 6-4 and 7-6.

Hubbard will advance to the Region III Tournament this weekend at the Salem Civic Center. He will play the Blue Ridge District runner-up.

Guill reaches state tourney

Appomattox golfer Richie Guill qualified for the State High School Group AA Golf Tournament in last Thursday's Region III Tournament at Botetourt Country Club in Fincastle.

Guill shot a 74 in the tournament, and qualified for the state event in a sudden-death playoff with three other players, when he birdied the first hole. He defeated Mark Boley of Altavista to make the final four and qualify for the state tournament.

The state tournament will be held at Chenvalee Country Club in New Market on Monday and Tuesday. All four of the individual players from the Region III tournament who will participate in the state event are from the Seminole District. Guill will be joined by Tracey newman of Liberty, Derek Smith of Liberty, and Christ Warring of Nelson County.

Martinsville and Lexington are the Region III teams which will travel to the state tournament.

Guill, who has qualified for the Regional Tournament all four years he has played golf, missed qualifying for the state tournament by one shot as a freshman.

"He returned to the same course he missed qualifying for the state tournament by one shot as a freshman, and made the state event as a senior," noted ACHS golf coach Coty Dickerson.

Guill is only the second golfer in ACHS history to qualify for the state tournament.
